

"Users "Free Edition

User card to add accounts to employees (users of the innovative solutions program) and permit them to work on the program

And to access the card users through

General - cards - users

It includes a user card

Name: Username

Class: The category to which the user belongs (and indicates the grouping of users with unified permissions), which is not activated in the free version

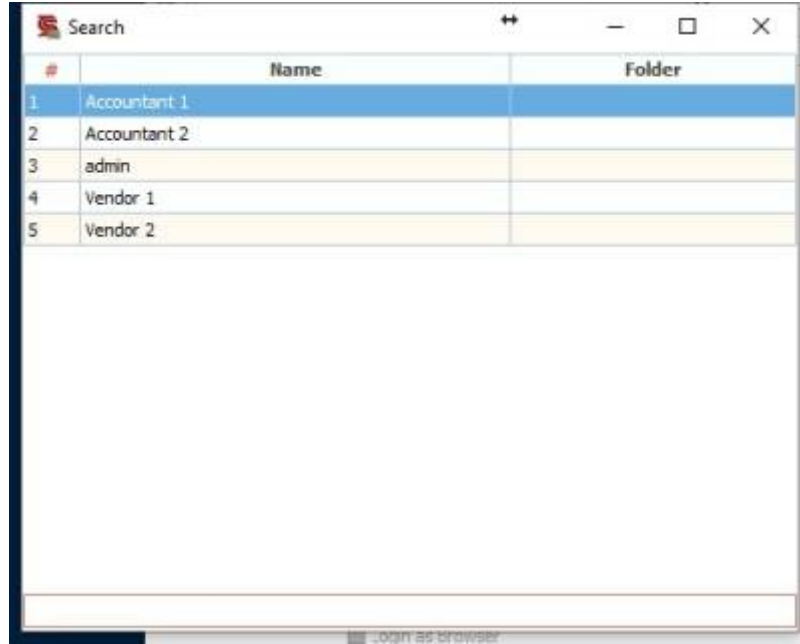

Lock data before: For example, if we recorded the value (1) and today's date was the 30th of the month, that is, an invoice cannot be modified on the 28th of the month, and an invoice can be modified on the 29th of the month and it applies to adding an invoice with a previous date

Lock data after: For example, the value (1) and today's date was the 10 month. Here, an invoice .cannot be modified that was earlier than the 11-month date

Level: determining the level to which the user belongs (levels can be added from the card of the level) and it is reported to show or hide accounts from users, and they are not activated with the free version

End date: The expiration date on which the software has been used by the user

Options - Search: to search for a user card in the program

#	Name	Folder
1	Accountant 1	
2	Accountant 2	
3	admin	
4	Vendor 1	
5	Vendor 2	

Tools

Password Change: To change a user's password

Prerogatives: Provide work privileges on the program, not activating the free version
